

Public Health

SENIOR SCIENTIFIC OFFICER

Pharmaceutical Services

Indicative Total Remuneration: \$80,507 - \$85,341 - Temp F/T (until 08/01/2010) - PO3

Drawing on your experience as an Executive Officer or member of a high level committee, you'll provide executive and technical support for the South Australian Therapeutics Advisory Group. Direct experience in identifying strategic approaches to the management of public health problems is essential, as is the ability to prepare guidelines and reports including those of a technical nature. *Job Ref: T2101*

SCIENTIFIC/PROJECT OFFICER

Department of Health, Adelaide CBD

Indicative Total Remuneration: \$63,197 - \$70,404 - Perm F/T - PO2

You'll contribute to the review and development of operational and technical policy and legislation relating to food and genetically modified organisms. You'll provide technical and scientific advice and undertake research into related issues. With a science degree in a relevant area, you'll have experience in public or environmental health and be competent in preparing complex technical written reports. *Job Ref: 2132*

CLINICAL AUDIT OFFICER

SA Ambulance Service, Adelaide Metro

Indicative Total Remuneration: \$61,309 - \$68,678 - Perm F/T - ASO5

You'll be responsible for developing, implementing and monitoring clinical audit programs. This will include recording, analysing and reporting results, as well as developing and implementing recommendations. Striving to improve performance in clinical governance, you'll provide expert advice to managers. With experience in clinical audit projects or project management, you'll have knowledge of clinical governance and patient safety issues. *Job Ref: 1903*

Community Services

STATEWIDE TRAINING COORDINATOR - DO IT FOR LIFE PROGRAM

Department of Health, Adelaide Metro

Indicative Total Remuneration: \$78,162 - \$82,910 - Temp F/T (Contract to 12 mths) - ASO6

The Training Coordinator for the Do It For Life program is responsible for developing and coordinating training programs for Lifestyle Advisors and Lifestyle Support Officers in primary health care settings, you'll work in collaboration with regional health services. With experience in developing, coordinating and planning training programs, you'll ensure delivery of consistent programs which meet the required standards. With exceptional communication skills, you'll work within limited timeframes under minimal supervision. *Job Ref: T2207*

Senior Community Coordinator

Community Care, Southern Region

- > Maternity Leave contract, full time up to 9 months
- > Attractive remuneration enhanced by salary packaging including a motor vehicle
- > Leadership role, Somerton Park location

Due to Maternity Leave we seek a Senior Community Coordinator to work closely with the Regional Manager and lead the coordination of services, programs and support staff. Ideally you will have a proven background in a health-related field and in community care programs, particularly assessment planning, implementation and evaluation for people with complex care needs. Your highly developed skills and breadth of experience in staff leadership and management will enable you to undertake this key part of the role. The successful candidate will also possess excellent organisational skills, enthusiasm and a genuine commitment to promoting clients' independence.

Written applications by 17 April 2009.

You'll have good numerical and keyboard skills and the ability to prioritise tasks. *Job Ref: T2121*

Adelaide Pathology Partners

Cytologist Trainee (Cytology Laboratory)

The Cytology laboratory is seeking applications for a cytologist trainee. The successful applicant will be given the opportunity to undertake training in the discipline of cytopathology at a medical scientist level.

This is a unique opportunity to enter a discipline dedicated to the detection of cancerous and pre-cancerous cells in fluid, fine needle aspiration and cervical cytology. A relevant tertiary qualification in medical laboratory science or equivalent is essential. In-house training will be provided to the successful applicant in accordance with the Australian Society of Cytology (ASC) training module programme. The final outcome will be the successful completion of the CT(ASC) exam as evidence of competency in cytology.

The successful applicant should be energetic, motivated, organised, be able to work well in a team and be flexible to our changing needs. The position is permanent full time with remuneration to be based upon qualification and related experience.

Please address applications by Monday 20th of April 2009, to Cos Fusco at:
