

PROGRAM MANAGER HEALTHY LIVING

Mt Barker & Districts Health Service

Indicative Total Remuneration: \$86,067 - \$90,815 - Perm F/T - ASO6

You'll lead and manage the development, implementation and evaluation of a range of responsive primary health care services, programs and activities. You'll operate within a primary health care approach, with commitment to social justice and a social view of health. With experience in a community setting at a senior management level, you'll be skilled in effectively supporting multidisciplinary teams. *Job Ref: 3214.*

SENIOR INJURY MANAGEMENT PHYSIOTHERAPIST

Flinders Medical Centre, Allied Health, Physiotherapy

Indicative Total Remuneration: \$77,535 - \$85,390 - Perm F/T - PO2

You'll provide physiotherapy services for injured staff following workplace incidents, undertake early assessment and referral to the onsite medical doctor, and provide appropriate physiotherapy management. Experience in the management of musculoskeletal conditions and the ability to work independently and as part of a multidisciplinary team is essential. *Job Ref: 3114.*

RESPIRATORY SCIENTIST OR TECHNICIAN

Repatriation General Hospital,

Division of Medical and Related Services, Respiratory Function Unit

Indicative Total Remuneration: \$74,381 - \$78,034 - TGO3; \$77,535 - \$85,390 - MES2 - Perm F/T

The Respiratory Function Unit is seeking a full time senior staff member, within either technical grades or scientific classifications, to provide day to day supervision of the Unit and high quality respiratory function measurements to the patients of Repatriation General Hospital. The position offers additional opportunities across the Southern Health Region including quality improvement, teaching and research. *Job Ref: 3198.*

SENIOR AUDIOLOGIST

Royal Adelaide Hospital, Adelaide CBD

Indicative Total Remuneration: \$77,535 - \$85,390 (pro rata) - Temp P/T (45hrs per f/n) (until 31/07/2010) - PO2

You'll provide audiological services to patients, ensuring correct diagnosis of hearing and related disorders by performing audiological tests. Interpreting audiology results and collaborating with referring professionals, you'll provide information and promote patient education regarding hearing loss and noise exposure. With qualifications in Audiology, you'll possess strong interpersonal skills and ability to communicate with a broad range of people. *Job Ref: 3219.*

Research

HAEMOSTASIS RESEARCH SCIENTIST

SA Pathology, Adelaide CBD

Indicative Total Remuneration: \$59,343 - \$73,909 - Temp P/T (0.6 FTE 1 yr) - GFS1

You'll contribute to the execution of research by undertaking a range of responsibilities including participation in the performance of specialised assays and production of data. Holding relevant research experience you'll be accomplished in recording and analysing statistical data. Proficient in operating and maintaining laboratory equipment, sound communication skills will enhance your ability to publish and present reports. *Job Ref: T3124.*

Pathology

SENIOR MEDICAL SCIENTIST

SA Pathology

Indicative Total Remuneration: \$77,534 - \$85,390 - Perm Night Shift - MES2

As a Senior Medical Scientist, you'll use defined protocols to examine, interpret, describe and dissect simple and non-complex surgical tissue specimens submitted for histopathological diagnosis. With a Bachelor of Science, Bachelor of Applied Science or equivalent, you'll possess previous experience in histopathology especially sectioning and staining of tissue. You'll also have the ability to work under pressure and meet set deadlines. *Job Ref: 3175.*

SENIOR TECHNICAL OFFICER

SA Pathology

Indicative Total Remuneration: \$74,381 - \$78,033 - Perm Night Shift - TGO3

You'll be responsible for examining, interpreting, describing and dissecting simple and non-complex surgical tissue specimens to be submitted for histopathological diagnosis. You'll hold a Diploma in Medical Laboratory Science or equivalent, and have completed or majored in advanced studies in laboratory histopathology. Notable experience with a range of specialist procedures relating to specimen cut-up is essential. *Job Ref: 3177.*

You'll assist in the cut-up and processing of pathological specimens, as well as the embedding, sectioning and staining of selected tissue. For appointment at the TGO-0 level, you'll possess the educational standards required for entry to an appropriate Technical study course. For appointment at the TGO-1 level, you'll hold a Diploma or Advanced Diploma in a relevant technical discipline. *Job Ref: L3191.*

Administration/Clerical

ADMINISTRATIVE OFFICER/AUDIO TYPIST -

MEDICAL IMAGING DEPARTMENT

Lyell McEwin Hospital

Indicative Total Remuneration: \$53,529 - \$57,287 (pro rata) - Multiple Positions: Perm F/T - ASO2

Within a dynamic work environment, you'll provide efficient, effective and professional reception and customer focussed service in all areas to which the departmental roster applies. Previous experience working in roles with public contact is essential, as is the demonstrated ability to communicate effectively both written and verbal, and good organisation skills. Additionally, you'll possess medical terminology audio-transcription Dictaphone typing experience. *Job Ref: 3135.*

PROJECT OFFICER

Department of Health, Adelaide CBD

Indicative Total Remuneration: \$48,102 - \$51,504 - Temp F/T (up to 12mths) - ASO3

You'll provide a comprehensive range of project support services, administrative support services and operational procedures and policies. Facilitating effective and efficient client centred services, you'll participate in collecting and analysing data and preparing project reports. With experience in a project management based work environment, you'll be able to deal effectively with individuals from a range of backgrounds. *Job Ref: T3014.*

Clinical Studies Associate

- Highly regarded Musculoskeletal Research Group
- Patient contact emphasis
- Salary + super + career opportunities

The new **Australian National Musculoskeletal Research Centre** in **Adelaide** is to be an internationally recognised Centre for research into the prevention and care of musculoskeletal disorders. A large number of research projects, both in house and contract, are already in place under the direction of some of Australia's leaders in this field.

Working closely with the Project Managers, you will be part of a research team on larger studies, or have direct responsibility for smaller projects. It is definitely a hands-on and detail oriented position as you manage day to day aspects of clinical trials and studies, meet agreed time lines and budgets, liaise with and recruit patients/participants, set up the spreadsheets, manage and input data and problem solve and negotiate.

You will need 2 to 3 years experience in Clinical Research Trials with a strong musculoskeletal/anatomy background, for example qualifications in Physiotherapy, Exercise Science, OT, Human Movement, Nursing or similar and be very comfortable working face to face with people.

For a confidential discussion, please call Jim McGeoch on 0401 147 923

(including Sunday 5.00 pm to 6.00 pm) or you may e-mail your resume to macnic@benalla.net.au (word format please).
