SENIOR PROJECT OFFICER (SAHMRI FACILITY) MAJOR PROJECTS

Department of Health, Adelaide CBD

Indicative Total Remuneration: \$78,162 - \$82,910 - Temp F/T (Contract 1 - 5yrs) - ASO6

You'll provide a range of project and planning functions facilitating the delivery of specific complex and sensitive major projects for SA Health. Working in close collaboration with the Project Manager, you'll provide expert advice and give direction to other project officers as required. You'll have experience in providing high level administrative and project support including managing sensitive information. *Job Ref: 3534*

PROJECT OFFICER (SAHMRI FACILITY) MAJOR PROJECTS

Department of Health, Adelaide CBD

Indicative Total Remuneration: \$60,667 - \$63,435 - Temp F/T (Contract 1 - 5yrs) - ASO4

You'll provide project support contributing to the delivery of specific major projects for SA Health. Assisting in developing project goals and priorities, you'll provide advice and information supporting project planning and implementation. You'll have sound experience in contributing to projects, particularly within a health setting. You'll effectively plan work activities and set priorities to meet objectives and deadlines. *Job Ref: 3532*

FLOREY POSTDOCTORAL RESEARCH FELLOWSHIP

3 years - GFSC L3

Applications are invited for the Florey Fellowship. The fellowship is open to candidates who have demonstrated significant research potential in their early post-doctoral or post-medical specialist training years. Research is to be undertaken in the Royal Adelaide Hospital, the Institute of Medical and Veterinary Science, the Hanson Institute, or certain clinical or paraclinical academic departments operating within the RAH/IMVS/Hanson Institute/University of Adelaide Medical School campus. Successful applicants will be expected to commence their research early in 2010. Applicants should be University graduates with a doctorate, medical specialist or equivalent higher degree preferably in biomedical or health sciences or relevant specialist training and research. Early career researchers from outside Adelaide with a strong research potential are especially encouraged to apply. Applicants should have 3 to 8 years postdoctoral experience. Tenure of the fellowship shall be for three years. Remuneration will be commensurate with qualifications and experience. *Job ref: FPRF2010.*

EARLY CAREER RESEARCH FELLOWSHIP

3 years - GFSC L2

Applications are invited for the Early Career Fellowship. The Early Career Fellowship encourages applicants of outstanding ability to make biomedical research a career within the various laboratories of the Hanson Institute, incorporating the Royal Adelaide Hospital and Institute of Medical & Veterinary Science in close collaboration with the University of Adelaide. The Early Career Fellow will be based within either a laboratory of the Hanson Institute, the Royal Adelaide Hospital, the Institute of Medical & Veterinary Science or Medical School of the University of Adelaide. Successful applicants will be expected to commence by March of the year following the award. Applicants should have no more than 4 years post doctoral training experience. Tenure of the fellowship shall be for three years. Remuneration will be commensurate at a salary corresponding to an appropriate level of grant-funded scientist. *Job Ref: ECRF2010.*

GRANT FUNDED SCIENTIST ANZDATA REGISTRY RENAL

The Queen Elizabeth Hospital, Adelaide Metro

Indicative Total Remuneration: \$59,343 - \$73,909 - Temp F/T (12mths) - GFSC1

With some research experience and qualifications you'll develop further expertise and experience in the field of renal epidemiology by designing and conducting analyses using the ANZDATA Registry database and associated resources. Assisting with existing research projects and development of new protocols and projects you'll work with collaborators throughout Australia and New Zealand. You'll hold an appropriate degree level qualification. *Job Ref: T3508/2009.*
