IMPORTANT - You must enrol in Semester 1 and 2 for all courses, regardless of whether you are allocated placement for that course in only one semester.

For courses in which you need to match your classes with your allocated placement dates/location (as allocated in Sonia), there is a note at the bottom of the class information in Course Planner to help identify your relevant class.

If you are undertaking a placement in Semester 1, you must enrol per your placement allocation in the Semester 1 course, and then into the shell class for the corresponding Semester 2 course, or vice versa.

For example – Student A is allocated to Geriatrics and General Practice Part 1 in Semester 1 with rotation commencing on 11 April.

In Semester 1, Student A would enrol into the Geriatrics and General Practice Part 1 class that corresponds with their placement, per the following class note:

Note: For students who are allocated Geriatrics & GP placement from 11 April to 22 May.

In Semester 2, Student A would enrol into the shell class for Geriatrics and General Practice Part 2, with the following class note:

Note: For students who are allocated their Geriatrics & GP placement in Semester 1.

If you enrol into a class that clashes with other classes or courses you are already enrolled in, an error message will be displayed along with the clashing class numbers and an enrolment request ID.

Please attempt to resolve this by ensuring you have followed the enrolment advice above, or choose a different class for one that is clashing (if applicable).

For enrolment issues you cannot resolve yourself, please lodge the relevant [enrolment form](#) (eg. Timetable clash resolution, course/class full, course add – late, amendment to enrolment).
